Poštovani poslovni partneri,

veliko mi je zadovoljstvo predstaviti Vam lookbook klastera Adria Hotel Service namijenjen investitorima i svim ključnim osobama u turizmu koji žele stvoriti privlačne i funkcionalne prostore.

Opremanje turističkih objekata nije samo pitanje estetike, već i važan element uspjehnog poslovanja. Stoga je bitno promišljeno opremanje – ono koje transformira običan prostor u destinaciju za pamćenje. Kvalitetan ambijent može gostima pružiti nezaboravan doživljaj i povećati njihovu udobnost te uz IT inovacije i digitalni sadržajni marketing, koji čine ključnu ulogu u modernom turizmu, optimizirati poslovanje, poboljšati iskustvo i osigurati povratak.

Bez obzira na to opremate li luksuzni hotel, restoran, boutique apartman ili obiteljsku kuću za odmor, ovdje ćete pronaći inspiraciju za stvaranje savršenog prostora.

Kako bi se detaljnije upoznali s našim proizvodima i uslugama posjetite našu web stranicu www.adriahotelservice.com

Želimo Vam puno uspjeha i da Adria Hotel Service bude i dalje Vaš pravi izbor u opremanju.

Zoran Jovanović
Predsjednik klastera

Dear business partners,

It is my great pleasure to present you with the Adria Hotel Service cluster lookbook, intended for investors and all key stakeholders in tourism who wish to create attractive and functional spaces.

Furnishing tourist facilities is not merely a matter of aesthetics, but also an important element of successful business. Thoughtful furnishing is essential as it can transform an ordinary space into a memorable destination. A quality ambiance can provide guests with an unforgettable experience and increase their comfort, while IT innovations and digital content marketing, which play a key role in modern tourism, can optimise operations and improve the experience, ensuring that guests return.

Whether you are furnishing a luxurious hotel, a restaurant, a boutique apartment or a family holiday home, the lookbook offers inspiration for creating the perfect space.

To learn more about our products and services, visit our website: www.adriahotelservice.com

We wish you great success and hope that Adria Hotel Service will remain your preferred choice in furnishing.

Zoran Jovanović

PAMETNA SOBA

SMART ROOM

Pametna soba ADRIA

Pametna soba ADRIA prepoznatljiv je sustav firme Adria Electronic za upravljanje i nadzor soba te zajedničkih prostora u hotelima, resortima, kampovima, domovima i javnim ustanovama.

ELEMENTI PAMETNE SOBE

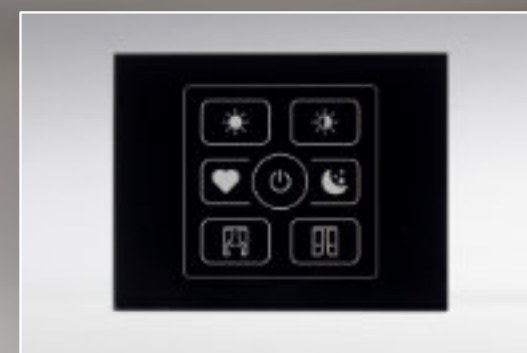

- Kontrola pristupa
- Upravljanje temperaturom
- Upravljanje rasvjetom
- Nadzor
- Detekcija prisutnosti
- Ostale mogućnosti

Smart Room ADRIA

Smart Room ADRIA is a signature system by Adria Electronic designed for management and monitoring of rooms and common areas in hotels, resorts, camps, residences, and public facilities.

SMART ROOM COMPONENTS

- Access Control
- Temperature Management
- Lighting Control
- Monitoring
- Presence Detection

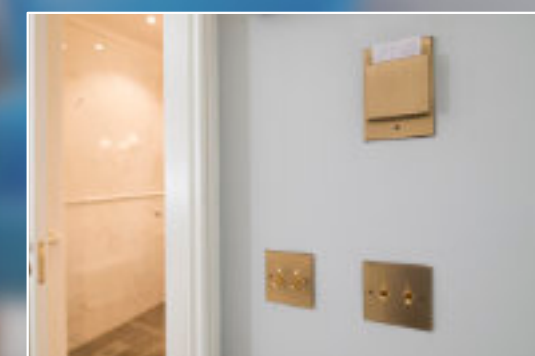

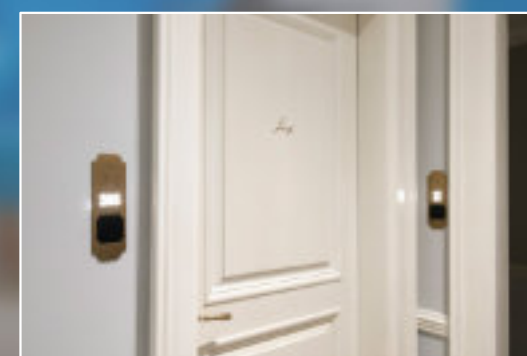

PERSONALIZIRANO GRAFIČKO SUČELJE

Klijent sam može odabrati grafičke simbole kojima će se označiti pojedine funkcije na upravljačkim panelima. Pored standardnih crnih i bijelih, moguće je odabrati i druge boje stakla koje će se uklopiti u dizajn interijera.

PERSONALIZED GRAPHICAL INTERFACE

The client can choose the graphic symbols used to represent individual functions on the control panels. In addition to the standard black and white options, it is also possible to select other glass colours to match the interior design.

SIGURNOST I POUZDANOST

Sigurnost gostiju i imovine na prvom je mjestu. Pravovremeno alarmiranje svih događaja, pogotovo onih neovlaštenih, daje potpunu kontrolu i nadzor u pogledu pristupa svim lokacijama unutar objekta. Svaki događaj na bilo kojim vratima automatski se evidentira u sistemu.

SAFETY AND RELIABILITY

Guest and property safety come first. Timely alerts for all events, especially unauthorized ones, provide complete control and monitoring of access to all locations within the property. Every event at any door is automatically recorded in the system.

LAUFEN

Naše kolekcije rezultat su naših inženjerskih vještina i suradnje s vodećim svjetskim dizajnerima.

Dizajn kolekcije ILBAGNOALESSI godinama očarava svijet dizajna za uređenje doma: bezvremenski oblik, živahna stvaralačka mašta i mrvica ekscentričnosti.

U srcu kolekcije MEDA nalazi se posvećenost vrhunskim detaljima, redefinirajući luksuz unutar primamljivog cjenovnog raspona.

Međunarodno hvaljena i eklektična dizajnerica Patricia Urquiola otkriva treću generaciju LAUFEN-ovog materijala SaphirKeramik. Inspirirana dinamičnim zvučnim valovima u vodi stvorila je novu kolekciju imena SONAR.

Dizajnirana pod kreativnim vodstvom Marcela Wandersa, The New Classic by LAUFEN cjelovita je kupaonska kolekcija koja reinterpretira bezvremensku eleganciju u modernom svijetu.

Osobnost ove vrlo tradicionalne švicarske marke odražava simbiozu dizajna, kvalitete i funkcionalnosti. LAUFEN, premium brand pod okriljem Roca Grupacije, jedan je od vodećih svjetskih proizvođača s globalnom distribucijskom mrežom.

Our collections are the result of our engineering skills in constant collaboration with the world's leading designers.

For over 20 years, ILBAGNOALESSI has captivated the design world with its iconic form, bold imagination and subtle eccentricity.

At the heart of the MEDA collection lies a dedication to premium detailing, redefining luxury within an enticing price range.

The internationally acclaimed and eclectic designer Patricia Urquiola reveals the third generation of LAUFENs Saphirkeramik - she is taking this extraordinary material with great sensitivity into a third dimension - creating this new collection with the name: SONAR.

Designed under the creative leadership of Marcel Wanders, The New Classic by LAUFEN is a complete bathroom collection that reinterprets timeless elegance for the modern world.

The personality of this highly traditional Swiss brand reflects a symbiosis of design, quality and functionality. LAUFEN, the premium brand under the Roca Group umbrella, is one of the world's leading manufacturers with a global distribution network.

EXCELLENCE FOR A BETTER AND LONGER LIFE

TAI – THERAPY AIR

Therapy air ION najbolji pročišćivač zraka na tržištu, sadrži sustav filtriranja s pet razina i generator negativnih iona koji zajedno rade kako bi osigurali nezamislivo čist zrak. Antistatički filter, antibakterijski filter, HEPA filter, antialergijski filter i filter s aktivnim ugljenom (AC filter protiv neugodnih mirisa) Službeni certifikat potvrđuje da ovaj pročišćivač zraka eliminira korona virus iz zraka i na taj način sprječava širenje infekcije. Njegovu učinkovitost potvrdilo je i ispitivanje provedeno u Nastavnom zavodu za javno zdravstvo dr. Andrija Štampar, zbog čega je zavod u analizi rezultata dao preporuku za korištenje Therapy Air iON u zatvorenom stambenom ili radnom mjestu.

TherapyAir iOn is a sophisticated and highly effective air purification and ionization system that removes 99.99% of airborne particulates. Purified 99.99% therapy air free from viruses, bacteria and toxic substances is a must have in every indoor space for well-health and is the only real and healthy investment for homes, offices, schools and kindergartens, sport and recreation centers, hospitality retreats – all indoor spaces.

PORCULAN – FLORA

Vrhunsko zanatsko majstorstvo i pozornost detaljima, objedinjeni s profinjenim ukusom i sofisticiranim stilom, dali su kolekciji Zepter Masterpiece Collection globalno priznanje za kakvoću. Komadi Zepterove Masterpiece Collection su ručno izrađeni u Bavarskoj, Njemačkoj, korištenjem tvrdog porculana, koji je otporan čak i na ogrebotine od čelika.

Top class craftsmanship and attention to detail, coupled with refined taste and sophisticated style, have given Zepter Masterpiece Collection global recognition for quality. Exclusively handmade with hard-paste porcelain according to the original 18th century method, the Flora collection comprises 68 romantic pieces for the dinner and coffee serving.

VENUS

Venus set izrađen je od čelika vrhunske kvalitete AISI 420 i AISI 304 i dijelovi su debljine do 4 mm, što nadmašuje tradicionalne standarde kvalitete pribora za posuđe. Kolekcija Venus zrcalnog sjaja dolazi u setovima od 36 ili 48 dijelova. Zepter je primio relevantan certifikat potvrde vrhunske kvalitete za svoj pribor (Certifikat Br. – ZE 53549 Dokaz kvalitete Zepter).

The Venus set is made from top-quality AISI 420 and AISI 304 steel and the pieces are up to 4mm thick. The Venus high mirror polished collection is available in 36 and 48-piece sets. Zepter has received the relevant certificate to confirm the top quality of its cutlery sets (Certificate No – ZE 53549 Proven Zepter Quality).

POSUĐE

Je osmišljen sustav, jedinstveno i vječno rješenje za pravilan način pripreme zdrave hrane. Vrhunski Zepterov metal 316L, napredna tehnologija i inovativan dizajn omogućuju kuhanje bez vode i prženje bez masti, što čini hranu zdravijom ali i ukusnijom, zadržavajući svoje prirodne arome, okuse, hranjive i biološke vrijednosti (vitamini, minerali, proteini, mikro i makro elementi u tragovima) s manje kalorija i bez toksičnih tvari. Kuhanje u sustavu posuđa Masterpiece, očuvava vašu hranu, energiju, vrijeme i novac ali ono što je najvažnije, štiti vaše zdravlje.

Masterpiece Cookware's superior Zepter Metal 316L, advanced technology and innovative design enable cooking without water and frying without fats so food is healthier yet tastier, retaining its natural aromas, flavours, nutritive and biological values (vitamins, minerals, proteins, micro and macro trace elements), with fewer calories and no dangerous substances. Cooking with the stackable Masterpiece Cookware system saves food, energy, time and money, but most importantly, protects your health.

Zepter has conquered the world with the Zepter Masterpiece System. Today, more than ever before, everyone needs Zepter products. Our Mission of Health is the simple and evident way to bring essential quality to your lives.

Izrada hotelske i poslovne signalizacije

Već od 2005. godine Prem djeluje na tržištu kao pouzdan partner u proizvodnji proizvoda od plastike i metala, s naglaskom na izradu hotelske signalizacije.

Naša snaga leži u vlastitoj proizvodnji i suvremenoj tehnologiji te smo u mogućnosti u potpunosti prilagoditi svaki proizvod vašim željama i potrebama te ponuditi vrhunsku kvalitetu po konkurentnim cijenama.

Osim natpisnih ploča i standardnih signalizacijskih elemenata, izrađujemo i proizvode od pleksiglasa, reklamne panoe, stalke, 3D natpise, naljepnice, folije za stakla, privjeske za ključeve, identifikacijske pločice za osoblje i mnoge druge artikle.

Hotel and Business Signage Production

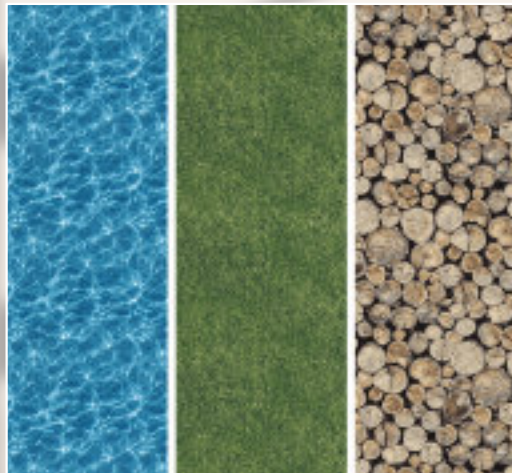

Since 2005, Prem has been a reliable partner in the production of plastic and metal products, with a strong focus on hotel signage manufacturing.

Our strength lies in our in-house production and modern technology, which allow us to fully customize each product to your specific needs and preferences, while ensuring top quality at competitive prices.

In addition to sign panels and standard signage elements, we also produce acrylic products, advertising boards, stands, 3D signs, stickers, window films, keychains, staff identification plates, and many other items.

AIR CONDITIONING
AIR QUALITY

Jednako kao što se razlikuju ukusi, različita je i percepcija idealne temperature kod svakoga od nas.

Mi u Daikinu to razumijemo i zato zajedno s vama pronalazimo rješenje za optimalnu klimu svakog prostora.

Grijanje, hlađenje ili čist zrak, Daikin je tu sa 100 godina iskustva.

Just as tastes differ, so does the perception of the ideal temperature for each of us.

At Daikin, we understand this and that is why together with you we find a solution for the optimal climate of each space.

Heating, cooling or clean air, Daikin is here with 100 years of experience.

TEHNOLOGIJA PROČIŠĆAVANJA I OBRADE VODA

PURIFICATION TECHNOLOGY IN WATER TREATMENT

EcoWater eVOLUTION Refiner – premium 2u1 omekšivač tvrde vode

EcoWater eVOLUTION Refiner predstavlja izvanrednu kombinaciju centralnog omekšivača tvrde vode uz dodatnu filtraciju vode aktivnim ugljenom, čime se učinkovito uklanja kamenac i reduciraju klor i teški metali u vodi.

EcoWater eVOLUTION Refiner omekšivači opremljeni su Wi-Fi modulom i HydroLink Plus® aplikacijom koja omogućava udaljeni nadzor i upravljanje preko mobilnog telefona, tableta ili računala.

EcoWater eVOLUTION Refiner – premium 2in1 hard water softener

EcoWater eVOLUTION Refiner represents an extraordinary combination of a central hard water softener with additional water filtration with activated carbon, which effectively removes limescale and reduces chlorine and heavy metals in water.

EcoWater eVOLUTION Refiner softeners are equipped with a Wi-Fi module and the HydroLink Plus® application, which enables remote monitoring and management via a mobile phone, tablet or computer.
